

Conversations for the Soul

A series of semi-structured one-to-one conversations about faith.

Participants meet together as a group first and then in a series of three or more meetings in pairs.

This is a valuable opportunity for in-depth discussion on topics such as balancing demands; death and immortality; doubt and keeping the faith; why good things happen to bad people; tolerance and limits, and much more.

We focus on the neighbourhoods of Lambeth, Southwark & Tower Hamlets (but people from all areas are welcome too).

- Want others to understand your beliefs?
- Want to share your spiritual journey with like-minded others?
- Interested in how other people of faith think and live?
- Want to try interfaith dialogue that goes a level deeper?
- Looking for new kinds of spiritual conversation?

A rewarding opportunity to get to know and understand someone of another faith in your neighbourhood.

Welcome meeting: Tues 9 Mar 6pm.

Closing meeting: Tues 20 April 6pm

For more info:

...then the tandem dialogue programme is for you!

This programme was developed using material created by Christian Kaestner in conjunction with the HEA Subject Centre, The University of Sheffield, & the University of Leeds.
